Key to colour code

colour name

SILVER
(RAL 9006)

colour code

RAL – RAL colour chart
VSR – VSR colour chart
DB – DB colour chart
N – N colour chart

It is possible to order external venetian blinds in a colour not mentioned above as long as it belongs to the RAL colour chart.

The price and completion date are set on an individual basis.

Due to different techniques of surface varnishing being applied, there may occur slight differences between the colour of SOLIDBOX slats and the colour of the blind's other elements (bottom bar, guide channels and the cassette).
