				L	R	white	beige	brown	anthracite	silver	golden oak	walnut	winchester	marsh oak			YES	NO	NO
																		Control length in accordance with manufacturer's standard	Non-standard control length ⁽⁵⁾
1	2	3	4	5		6									7	8	9		

Please note:

1 The standard Venus blind is fitted with a cord lock.

2 Min. width of the blind: 330 mm.

3 Height tolerance = up to + 22 mm (due to space between slats which is determined by the ladder).

4 Should you select no option in column 9, the manufacturer will assume that the product is intended for rooms young children have access to (length of operating chains/cords compliant with PN-EN 13120:2014+A1 standard).

5 Control length according to the criteria before the blind was adapted to the Child Safety standard ranges from 250 mm to 3000 mm (gradation every 250 mm). If control length is not specified, manufacturer's standardisation will apply.
